Introduction:

This course is offered as part of the National Training Framework. Participation in a Dangerous Goods Refresher Course is required to maintain currency of an initial licence to transport dangerous goods in bulk. This will enable a participant to apply for a 5 year licence. To avoid the requirement to undertake the full 2-day course again the Refresher Course must be undertaken prior to the expiry of a current licence. Also, as of the 31st December, 2009 all approvals and systems under ADG6 will no longer continue. A certificate will be issued on successful completion of the course.

The topics covered include:

Australian Dangerous Goods Code 7	Dangerous Goods Classes 2-9
HAZCHEM System	Emergency Procedures
Victoria DG (Transport) Regulations	Static Electricity Hazard
Correctly Marking Vehicles	Emergency Information Panels

Who should attend?:

Any person who needs to undertake a refresher course to maintain their licence to transport Dangerous Goods. Also, any person who needs to update their knowledge from ADG6 to the newly introduced ADG7, or who works in the transport and storage industry and who handles or stores Dangerous Goods.
